

Additional Clinical Support for Your Loved One

Who We Are

PrevenTel Health partners with skilled nursing facilities to provide ongoing clinical oversight and care coordination for residents. Our services are designed to support—not replace—the care already being provided by the facility and physicians.

Why You're Receiving This

Your loved one resides in a skilled nursing facility and is unable to legally consent to services. As their Health Care Proxy, we want to ensure you have clear, straightforward information about PrevenTel Health so you can make an informed decision.

Why You're Receiving This

If authorized, PrevenTel Health provides:

Ongoing Clinical Check-Ins

Regular outreach by our clinical team to help identify changes in condition early.

Care Coordination Support

Collaboration with facility staff, and care teams to improve communication and continuity.

Preventive Oversight

Proactive attention to potential issues that could lead to avoidable emergency room visits or hospitalizations.

Additional Clinical Point of Contact

A supplemental resource focused on overall care awareness and coordination.

What This Means for Your Loved One

PrevenTel Health adds an extra layer of attention and advocacy during their stay in the facility, with a focus on:

- Improved safety and early issue detection
- Better coordination across providers
- Reduced unexpected medical escalations
- Greater continuity of care

TOGETHER,
WE IMPROVE LIVES.
Purpose in Every Interaction.

What This Means for You

As a Health Care Proxy, our services are designed to provide:

- Confidence that changes in condition are being closely monitored
- Clear coordination alongside existing care teams
- Fewer surprises related to medical concerns
- Peace of mind knowing there is added clinical support

Coverage & Cost

Preventel Health services are a Medicare-covered benefit.

- There is no cost to the resident
- There is no cost to the Health Care Proxy or family
- Services are provided in accordance with Medicare guidelines

TOGETHER,
WE IMPROVE LIVES.
Purpose in Every Interaction.

Important to Know

Participation is voluntary / Services are HIPAA-compliant
Preventel Health does not replace facility staff or primary physicians

FAQ'S

Does this replace the care my loved one already receives?

No. Preventel Health does not replace the skilled nursing facility staff, physicians, or existing providers. We work alongside them to provide additional clinical oversight and coordination.

Will this affect my loved one's current Medicare benefits?

No. Preventel Health services do not change or reduce existing Medicare benefits.

Is there really no cost?

Yes. This is a Medicare-covered benefit with no cost to the resident or the Health Care Proxy.

What if I decide later that I no longer want these services?

Participation is voluntary. Authorization can be withdrawn at any time.

Next Steps

If you have questions or would like to proceed, a Preventel Health team member will be happy to speak with you and review authorization details.
